For the ancient forests burning  
Em D C A  
Seize the number, speed the warning  
C D Em  
Three Five O

### *Chorus:*

G  
Step it up—we can't slow down now  
F  
Take my hand and don't let go  
Em  
Gotta make it to higher ground now  
C B7 Em  
Three Five O

Glaciers melting, oceans warming/Three Five O  
Cities flooding, insects swarming/Three Five O  
We took the earth and its sweet wonder  
Paved it over, plowed it under  
Sold it short and still we hunger/Three Five O

### *Chorus*

### *Bridge:*

Am Em  
While we are sleeping the night is deepening  
C B7  
Lift up your light and shine

People dying in the heat now/Three Five O  
People marching in the street for Three Five O  
Blood-red sky, storm tide rising  
Can you see that blue horizon?  
Keep your eyes on the prize—it's Three Five O

*Chorus*

**Spanish lyrics:**

Por las montañas nevadas, tres cinco cero  
Por el cambio de temporadas, tres cinco cero  
Por los bosques que están quemando,  
Por los niños que están mirando,  
Escuchemos la advertencia, tres cinco cero.

Adelante sin descanso,  
juntos en nuestro sendero  
alcancemos las alturas, tres cinco cero.

Se derriten los glaciares, tres cinco cero  
Se calientan los mares, tres cinco cero  
A los milagros de la tierra  
Hemos declarado guerra,  
Arrasando por dondequiera, tres cinco cero.

Del calor se están cayendo, tres cinco cero  
a la calle están saliendo, tres cinco cero  
bajo un cielo muy oscuro  
hay que caminar seguro  
aferrados al futuro, tres cinco cero.
